

Suzie's Friends

Suzie Sez...

You call us dumb animals, and so we are,
for we cannot tell you how we feel,
but we do not suffer less because we have no words.

So please, the next time you pass my friend and he looks hurt
or lost, hungry and lonely - please bring him home to me so I
can care for him - for he is my friend as I am yours.

VOLUNTEERS NEEDED

We are actively seeking
VOLUNTEERS
who can help with specific
community oriented projects.

Please contact
Michelle Wilson
Director of Operations
by calling 487-1778
for further information.

Become a part of a solution
by recognizing the problem.

Please become

Did you know that...

One female cat and her offspring can produce
420,000 CATS in seven years?

Or that one female dog and her offspring can
produce **67,000 DOGS** in six years?

Clinch County has hundreds of stray cats and dogs,
so you can only imagine how many kittens and puppies
they are producing, which is just making more strays
wander our community

Suzie's Friends Animal Shelter wants to help put an
end to this community problem, but we need help from
you - the citizens and businesses of our community.

We are placing collection containers to raise money
for Suzie's Friends in the businesses that will allow us to
do so. And we will take any spare change you can give.

Will you please help by supporting this worthwhile
program? If any business would be willing to allow
Suzie's Friends Animal Shelter to put a collection
container where they will be visible to the public, or if
anybody would like to volunteer at the shelter when the
building is complete please contact Michelle Wilson,
Director of Shelter Operations, at 487-1778.

*Together we can impact the stray dog and cat
population in a humane way.*

Thank you,

And remember - we live in a society where

"GIVING BACK"

is really not an option anymore. It has become a necessity.

And wealth is no longer measured by the size
of one's bank account but by his or her commitment to
make their community a better place to live.

A better place for all of Gods creatures.

Think of it this way...

if Noah had been more concerned

about where he left his umbrella and less about animals

we would live in a pretty boring society, now wouldn't we?
Quite honestly, when I have a hard day at work it is refreshing
to come home to friends who don't pass judgement.

And by the way - Landa Hart (Fargo) - you are right.

You can make some pretty good friends in dog & cat food aisles.
