

# The \$2995.00 Special is ALMOST OVER!

On January 1, 2012 the price will go to \$3295.00 and here is why.

With the new EPA Regulations we will no longer be able to use a 10 gallon gas tank. When we run out of the stock tank the new tank will be a 5 gallon tank with a carbon filter which will add \$300.00 to the sell price!

## Allison IRON HORSE SUPER SKID

Do you remember what you were doing in the year 1999?

I do! I was selling this exact same pressure washer for

**\$2,995.00**

I enjoyed that year! How about you?

The fact is that I enjoyed it so much that  
I am going back to that same price!

**\$2,995.00**

and **YES!** It has all the same 'bells and whistles!'

**3,500 PSI  
5.6 GPM**

There is 'red hot' and then  
there is a 'hotter hot...'

**WHITE HOT**

Obviously - this has been the most incredible sale EnviroSpec has ever put on. At this price many contractors buy one and then - after it arrives - they turn around and buy 3-5 more.

This is just one more reason why more contractors call EnviroSpec than any other company in the industry.

This is a U-Pay-Freight offer only.
