EnviroSpec 'SUPER SKID'

Since
1972

Do you remember what you were doing in the year 2000?

I do! I was selling this exact same pressure washer for

\$2,995.00

I enjoyed that year! How about you?

The fact is that I enjoyed it so much that

I am going back to that same price!

\$2,995.00

and **YES!** It has all the same 'bells and whistles!'

Charles Caleb Colton coined the phrase...
'imitation is the best form of flattery.'

Yes - we stay 'flattered' most of our time but most who have been in this business for a while know that an imitation is no substitute for quality and experience.

We have been doing this longer than anyone and have forgotten more that most will ever know. We are always here to help. Remember, as one of the first Mobile Wash companies in the Nation we have been where you are today. Call us or direct your technical questions to...

* EnviroSpec will provide a full 2-year 'Bumper to Bumper' warranty on all Allison Severe Duty Pumps. If *anything* happens all you have to do is return it to us freight pre-paid & a certified systems technician will replace any worn parts to include check valves, packings, oil seals or anything else that is showing signs of wear and the possibility of 'downtime.' We will also perform a 42-Point Inspection, clean and change the oil and make sure your pump comes back to you in 'like new' mechanical condition.

Our job and *promise* is to keep your equipment running with little to no down time and we do that by providing our customers with a certified pump inspection and service program that you can't get anywhere else.

** With the new fuel tank regs in the State of California we may have to use a smaller fuel tank that will carry an additional cost. California customers please call for details.

***Most items in our catalog qualify for Web Order Discounts. Items that do not qualify are Pressure Washers, Gas Engines and any thing driven by a gas engine, Pumps and recovery systems.
