Have you ever wondered how many strays are roaming the streets?

Well, I'm sure that there are hundreds just in Clinch County alone. All of these animals are Suzie's friends and she wants to help them find loving homes. With your help, she can realize her dream.

During the next couple of weeks we are going to place change containers in local businesses to help raise money for Suzie and her friends. The only way we can raise this money is with your help! We are trying to find homes for animals that have been lost, abandoned, and abused. It is going to be a tough job, but we can do it with your support.

The next time you see an animal on the side of the road and he looks hurt or lost, please bring him to Suzie so she can help.

Any business that would be willing to sit a container in a visible spot, or any person who is interested in becoming a volunteer, please call Michelle Wilson, Director of Shelter Operations at 487-1778

Thank You,

4 PUPS 4 a PIG

Not a bad trade at all.

This week Michelle Wilson, the Director of Operations at Suzie's Friends, picked up 2 more pups to add to Suzie's collection from the previous week. Now she had 2 Black Lab mix and 2 Golden Retriever mix.

With this sudden growth in our family Michelle decides that she needs to find homes quick or she will be out of room at our "make shift" shelter at EnviroSpec.

You should have heard her on the phone. She sounded like a Wall Street power broker with a charming-southern accent.

A couple of minutes later she tells me that the Thomasville Shelter said that they could probably adopt them all. So here she went. With gravel flying she put her Ford in the wind heading west. What a success. When she got there they had already found homes for all four.

She called me on the phone to give me the great news and also told me that on the way back she was going to stop by the Lowndes County Animal Shelter to help them out with an adoption.

Well guess what. Jason, Michelle's husband has had to give up his recliner to an 81 pound, Pot Belly Pig named, of all things, Jimmy Dean.

I can see him now sitting there with his specs on, smoking a cigar and reading the farm report. j

Through your generosity you become an orator for the millions who have *no voice* in their destiny. You say to the world that the majority care and it is the few who abuse, abandon and starve the helpless. And you convey to your fellow man and your community that together we can end this sorrowful story. j
