

Suzie's Friends

ANIMAL SANCTUARY

Suzie's Friends is the County's only State Licensed Agency. We support but are not affiliated with HOPE or any other animal agency. Your tax deductible donation will go a long way toward helping us find homes and care for these abandoned animals. Our Vet bills alone run \$25,000.00 per year. We have tried not to bother you for years but like everyone else we are not immune to the economy. They desperately need everyone who can - to help.

Please donate to: Suzie's Friends, Inc. - 751 MLK Highway - Homerville, GA 31634

Please sharing your life with one of these beautiful animals. In recent months we are finding that more and more families can no longer provide for their pets. As a result they are finding their way to Suzie's Friends. Nearly half of all animals that enter our sanctuary never make it out. Too many dogs and cats in shelters everywhere don't get a second chance simply because there is no one to adopt them. Suzie's Friends is one of the few 'no-kill' facilities in the State. We desperately need your help to make room for others who may never have a chance to survive. *Please adopt so others will have that chance.*

SANPAN...

is our little 6 year old Siamese girl that has been at the sanctuary since birth. She is a very loving kitty & gets along well with other cats. Oh - and did I say...
...she is beautiful!

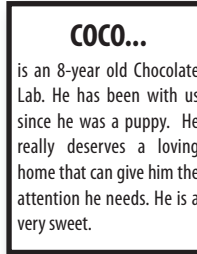

ANNA...

TERRA...

is an 8 month old female that plays harder than any kitty you have ever seen. She is very affectionate and and requires very little to keep her amused and 'frolicing' - non-stop!

COCO...

is an 8-year old Chocolate Lab. He has been with us since he was a puppy. He really deserves a loving home that can give him the attention he needs. He is a very sweet.

TOM...

is a large yellow boy about 4 years old that loves being an only child. He is an inside cat that is very affectionate.

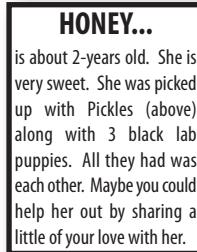

PICKLES...

2-year old Jack Russel mix. He was recently found with 4 others who were roaming our streets looking for food, a warm place to sleep and a gentle voice to calm his fears. He trembles a lot and just needs some to care.

ALDOR...

Handsome and loving are not the only words that describe this 4 year old 'Tux' kitty. He gets along great with other cats & loves being the center of attention. Aldor is a 'stately gentleman'

HONEY...

is about 2-years old. She is very sweet. She was picked up with Pickles (above) along with 3 black lab puppies. All they had was each other. Maybe you could help her out by sharing a little of your love with her.
