- o 48" Stainless Steel Lance
- o Trombone Dual Nozzle Holder
- o Freight Pre-paid

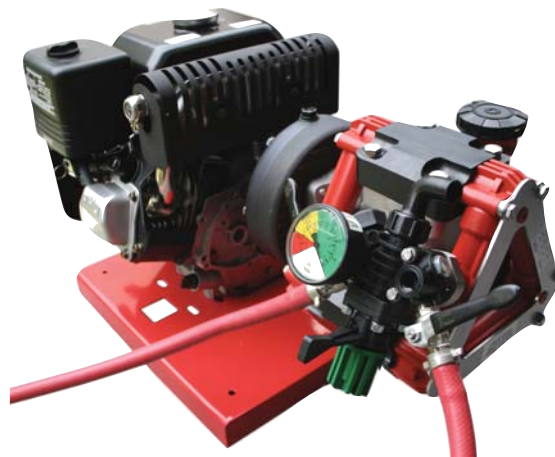

**SAVE UP TO
\$2,500.00 PER YEAR
IN FUEL! HOW?**

**Simple! The Engine
returns to IDLE when
trigger is released!**

Systems Available
From 5.6 GPM
To 12.5 GPM

When you release the trigger on the Gear Drive the Engine returns to Idle.
On the Belt Drive when you release the trigger the Pump stops turning and the Engine returns to Idle.
Imagine how long the pump will last now!

CYCLONE
BY: **ALLISON**

**PUMPS CHLORINE
UP TO 10 GPM & UP TO 300 PSI**

Regular Price \$2,695.00

Best Buy in the Industry!

\$1,995.00

**James Cooney of GRIME BUSTERS PRESSURE WASHING
...wins BIG for the Animals in Phoenix, AZ**

Grime Busters Pressure Washing LLC has selected the Lost Our Home Pet Foundation to be the recipient of 1000 pounds of pet food. Grime Busters' owner, James Cooney, explains that his company won the monthly raffle held by EnviroSpec.

EnviroSpec, together with the charitable organization called Suzie's Friends Animal Sanctuary, holds a monthly raffle among their detergent customers for a pallet of free food to be delivered to a local Animal Rescue or Humane Society that is selected by the winner.

Grime Busters Pressure Washing is a family-owned and operated company. They use only biodegradable detergent products. They are licensed, bonded, and insured, serving the commercial, industrial and residential markets. Their website is located at <http://www.grimebusterspressurewashing.com/>. EnviroSpec sells

Professional Green Cleaning Chemicals, equipment, and parts for the mobile wash industry. 100% of the profits on the manufacturing level of those chemicals are donated to Animal Charities like the Happily Ever After Sanctuary, to the Shriner's Hospital for Children in Tampa, FL and the Paul Newman's Hole in the Wall Gang Camp in Ashford, CT.

**Solenoid Controlled
TWO-STEP
CLEANING SYSTEM**

If you could build your Dream Machine -
what would you build?

If I could build one
here is what I would build...

- 8.5 GPM @ 3,600 PSI
- 30 HP Kohler Engine
- Super Suds Sucker Injector
- Complete Burner Diagnostics
- SDC Heating System
- Gigantic Gas and Fuel Tanks...

...and here is the 'icing on the cake.'

I would have a remote control that would:

- Start and Stop the Engine
- Turn the Burner On and Off
- Turn each Chem Solenoid 'On' or 'Off'

**NOW THAT IS WHAT I WOULD BUILD!
BUT - I wouldn't pay more than...**

\$7495.00

Shown with Honda which is not available on a machine this large.

There is 'red hot'
and then

there is a 'hotter hot...' **WHITE HOT**
