THE SWEETEST UNLOADER EVER MADE!

We love it! They love it! Everyone loves it!

Once you use this unloader you will never use another style.

ALLISON SOFT TOUCH

to 8 GPM -3700 PSI

For those of you who like the K7... I guarantee that you will love this unloader.

It feels better than the K-7 and another great feature is that it adjusts like a pressure actuated unloader.

This unloader will not cycle like the K7's.

**If you could build your Dream Machine -
what would you build?**

*If I could build one
here is what I would build...*

- 8.5 GPM @ 3,600 PSI
- 30 HP Kohler Engine
- Super Suds Sucker Injector
- Complete Burner Diagnostics
- SDC Heating System
- Gigantic Gas and Fuel Tanks...

...and here is the 'icing on the cake.'

I would have a remote control that would:

- Start and Stop the Engine
- Turn the Burner On and Off
- Turn each Chem Solenoid 'On' or 'Off'

NOW THAT IS WHAT I WOULD BUILD!

BUT - I wouldn't pay more than...
