Allison Iron Horse Chemical Induction System 12 Volt, High Volume

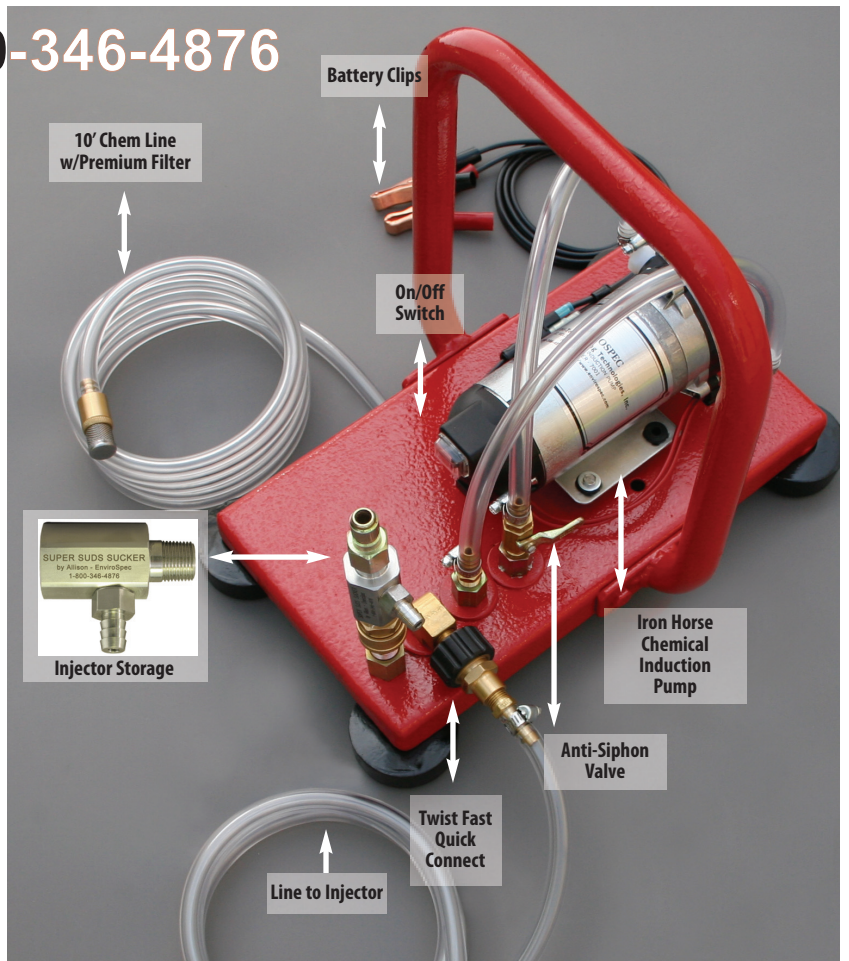

1-800-346-4876

Comes Complete with:

- Allison High Induction Chemical Injector
- 4 additional, easily interchangeable injector nozzles that will allow you to use this system on any pressure washer from 2 GPM thru 10 GPM.
- Induction Pump mounted on a convenient 'hand carry' base plate.
- This System can be detached from the Chemical Injector and utilized to spray undiluted chemical when you purchase Part #7002.

The Injector comes set up with convenient 'quick connects'

To be used with pressure type unloaders only. Not sure what you have? Call!

PART #	DESCRIPTION	PRICE
7001	ALLISON CHEMICAL INDUCTION SYSTEM, 12V	\$ 249.95

Allison Iron Horse has the distinct reputation of building the most advanced **PRESSURE WASHERS** and **SEWER JETTERS** in the world...
...and at a time when you thought it just couldn't get any better - it does!

Allow us to introduce to you the

CONCEPT 2008 - DUAL GUN EFI-NITRO SERIES

Prices Start at
\$2,995.00

You'll find our unique
**DUAL BEARING
 TRANSMISSION DRIVE SYSTEM**
 is both more reliable and longer
 lasting than typical belt drive units.

Allison Iron Horse & Kohler Engine
 have worked very closely building a
 special '**SPEC ENGINE**' unlike
 anything you will find in the pressure
 washer industry today.

This **Electronically Fuel Injected
 Power Plant** will use approximately
25% less fuel than other engines.

In addition you will find both the **28
 HP 'EFI' Air Cooled** and the **31 HP
 'EFI' Water Cooled** engines are by far
 the fastest starting power plants in
 the industry.

The '**quick response**' power curve
 from '**no-load**' to '**full load**' is, to say
 the least, unbelievable.

The standard
ALLISON ENGINE TERMINATOR
 is designed to safely shut down
 the engine in the event the
 pump head overheats.

The massive
**TSF SERIES
 GENERAL PUMPS**
 produce a wide range
 from 6.3 to over 10
 GPM and pressures
 up to 4,000* PSI

Hot Water Ready!
 Simply plug the
EFI-NITRO
 into our 660,000 BTU
 12 Volt Hot Water Heater
 for instant heat!
 (heater sold separately)

**MARINE GRADE
 BATTERY BOX**
 sold separately.

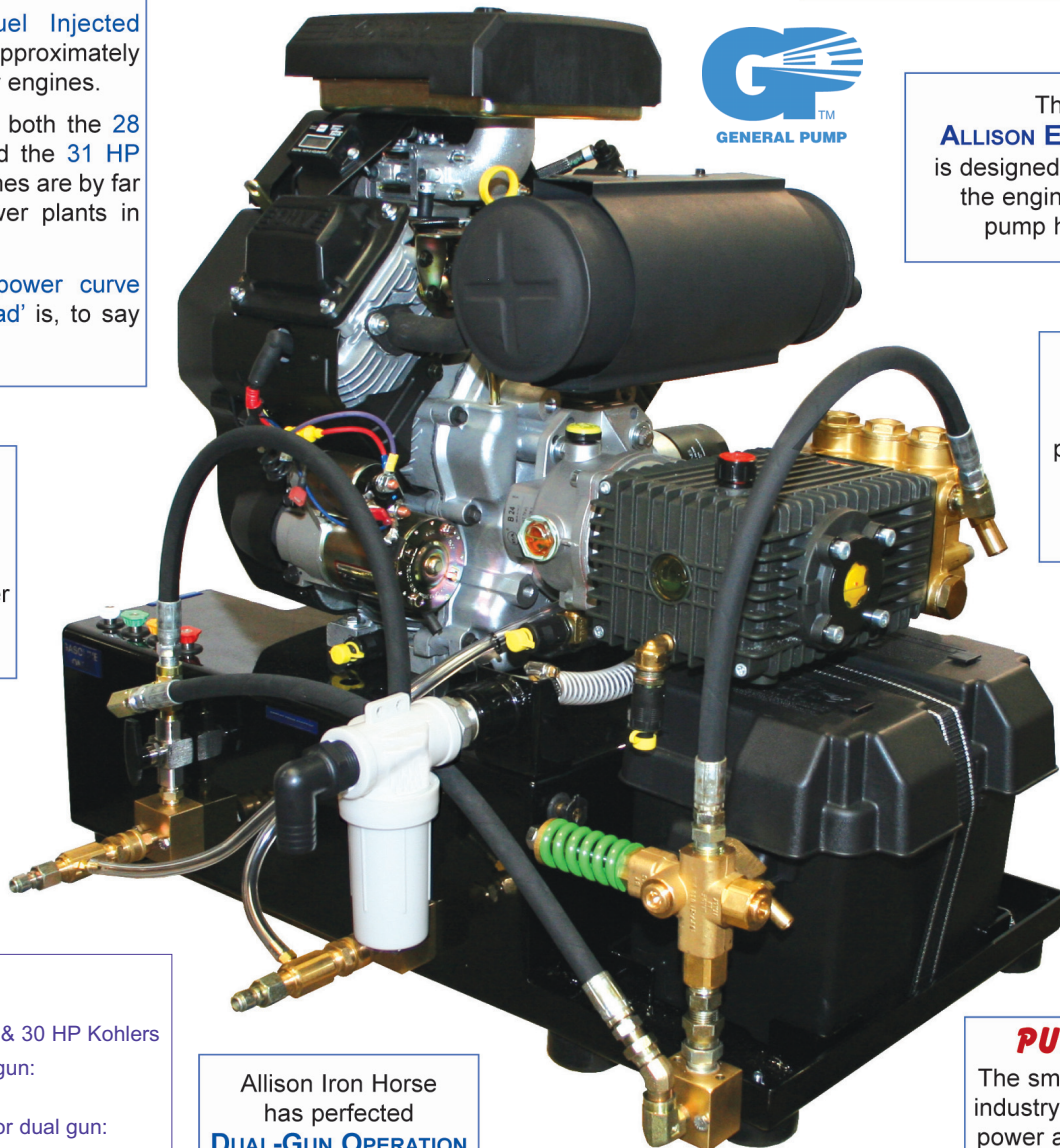

On Board - '**Full Flow**'
**PROFESSIONAL
 SEWER JETTING
 SYSTEM**

Equipped with 8
**VIBRATION
 DAMPENERS**

Available Combinations:
 Engines:
 13, 18, 22, 25, 27, 28EFI & 30 HP Kohlers
 Pumps available for single gun:
 4.0, 4.5, 5.6, 6.3 & 7.0
 Pumps available for single or dual gun:
 8.5*, 10.0* & 12.0*
 *divide by 2 to arrive at individual GPMs for
 each gun on dual man system.

Allison Iron Horse
 has perfected
DUAL-GUN OPERATION
 to a point far beyond
 our competition.

PURE MUSCLE!
 The smallest 'footprint' in the
 industry and still 'packs' more
 power and performance than
 anything on the market.
34" Long x 18" Wide

1-800-346-4876

ELECTRONIC TACH & HOUR METER

PART #4616-502
\$34.95

- Takes the "guess work" out of pressure washer problems
- Specifically designed to work on all 1 & 2 cylinder engines including Kohler. (unlike most this will work on Kohler engines)
- Simply wrap the red wire around a spark plug wire and "ground" the black wire.

Who is Allison Iron Horse? Well, we have been building professional equipment for the contract cleaning industry for over 20 years and have the distinct reputation as building the finest pressure washer in the world today. The first machine we built for sale in 1986 was, at that time, 50 years ahead of the industry. Today - it still is. With this in mind you can only imagine how far ahead of the industry the New 2008 Dual Pumper is.

At Allison Iron Horse our roots run deep and so do our expectations. We build genuine performance machines designed to fulfill every expectation of the discerning professional who knows and understands quality, performance and longevity. Owning an Allison Iron Horse truly is...

...Power in the Hands of a Few!

ALLISON IRON HORSE TNT SERIES PRESSURE WASHER

13 HP POWER PLANT
coupled to a
GENERAL TSF SUPER DUTY PUMP
will develop...

1 GUN = 9.5 GPM @ 1,400 PSI
2 Guns = 4.75 GPM @ 1,400 PSI Each

DUAL BEARING TRANSMISSION DRIVE
= much more durability and efficiency than Belt Drive.

Allison Engine 'Shut-Down'
should Pump overheat

This pressure washer is for contractors who need more volume, less pressure and quick production times. This unit was designed by John Allison who was a contractor himself for over 20 years and found that most jobs could be handled quickly and effectively with 4.5-5.0 GPM and pressures around 1,400 PSI.
