 and SuperFlo Polymer™ with High Gloss Enhancers

Call and
Listen

to what our customers have to say!

THE MAGIC STARTS HERE!

PRODIGY

is the...

**ZP-1 COMPLEX - BASE
with SuperFlo Polymer™**

and all by itself

**PRODIGY is the Industry's
#1 Selling Truck Wash**

We also have 2-variations
that tackle 'job-specific' problems!

**We add to Prodigy
Special Film Removing Surfactants**
for 'TOUCH FREE' CLEANING
and call it...

BOND BREAKER

As a vehicle 'cuts' through the air particles lock onto the surface as a result of what some would refer to as 'static cling.' A professional mobile washer knows this occurrence as 'road film' and until now the only way they have been able to remove this 'film' is by brushing the entire trailer.

Bond Breaker effectively removes 97%-100% of all 'road film' without ever having to touch the vehicle. This incredible product has been cutting cleaning time for contractors for over 2-decades.

We have the best Chemical Sales Staff in the industry. Who are they? Our customers! Call today for a list of professionals who make a living using **Bond Breaker**.

We also add to Prodigy

Extra Grease Cutting Solvents
to remove exhaust carbons
from trailer bodies & tractors
and call it...

MR. MUSCLE

Trying to clean trailer bodies that are loaded with 'exhaust carbon' has been a nightmare for every contractor who has ever attempted to make a living washing commercial vehicles.

Every mile traveled by 95% of every tractor/trailer on the highway results in more work and less profit for those who attempt to keep them clean. Since truck washing was the 'backbone' of my company many years ago I know first hand the difficulties you experience.

The absolute - only way to tackle this 'monster' is with solvents and not only the right family of solvents but plenty of them. Although it's ZP1 Complex Base - Prodigy is loaded with solvents...

Mr. Muscle contains 3-times as much.
