

ALLISON IRON HORSE CHEMICAL INDUCTION SYSTEM

Same as the 1595 System to the left except with a convenient battery compartment.

If you can't get the chemical
to the surface...
...you may as well stay home!

Read the introduction on previous page.

Comes with:

10' Chem Line
w/Premium Filter

'Super Suds Sucker'
Injector

Injector Storage
Hanger

Use Chem Applicator

#1596

on previous page

for spraying

CHLORINE

or

CORROSIVE

EXHAUST HOOD

CLEANERS

*You may need the convenience
of a battery when...*

*you can't get your rig
to the rear of the house or you
need to remove the system from
the trailer and work inside
of a restaurant.*

**EnviroSpec, Allison Iron Horse and John Allison have
brought more innovations to the industry in the last
20 years than any other company.**

Here is just one more example!
