<P><STRONG><U><FONT color=#000099 size=4>Parking Garage Cleaning:</FONT></U></STRONG>
</P>
<P style="MARGIN: 0in 0in 0pt" class=MsoNormal>Services for above ground/underground
parking structures and parking lots&nbsp;including residential garages, apartments,
condominiums, and office buildings. Mobi Clean uses&nbsp;a unique system
of&nbsp;high pressure high volume hot water that allows us to&nbsp;properly clean
your parking surface. While some contractors will just&nbsp;use a fire hose to flush
the surface they are not doing much to clean and remove the contaminants from the
surface. Further without the proper environmental controls&nbsp;in place they may be
doing incredible harm to the environment.&nbsp;Our detailed cleaning method allows
us to go from corner to corner while having&nbsp;the required control to avoid
damaging sensitive areas of your garage like control panels or elevators. We begin
by&nbsp;pre sweeping surfaces as necessary to remove the excess debris that can clog
drains. Oil stains are treated with our special environmentally
friendly&nbsp;degreaser to eliminate the potential of these hazards being tracked
into your building. All drains are protected from runoff and water is recollected
and treated for proper discharge through the sanitary sewer system. Finally all
waste and debris is&nbsp;hauled off site for proper disposal. &nbsp;</P>
<P style="MARGIN: 0in 0in 0pt" class=MsoNormal><STRONG><U><FONT color=#000099

width=299 height=294>Hood Cleaning Services:</U></STRONG></FONT></P>
<P>There are many hood cleaning contractors that will clean only what is easily seen
or reached from the ground. While the hood may appear to be clean it is not, the
grease will continue to collect in unseen areas and become an extreme fire danger.
Further this build up will restrict the airflow and decrease the efficiency of the
system as a whole. Reduced efficiency = increased utility bills and reduced life
span of your system. Mobi Clean cleans your entire system from top to bottom every
time. To back this up we document your cleaning with photographs for you to see that
your system was cleaned correctly and completely. Call today to see how Mobi Cleans
hood cleaning services can benefit your business. </P>

<P style="MARGIN: 0in 0in 0pt" class=MsoNormal>What&#8217;s the first thing your
customers see when they visit your location? Of course they see the sidewalk or the
drive through. Each speaks of the cleanliness of your establishment. Dirty traffic
stains and gum on the sidewalk says &#8216;we don&#8217;t bother to clean our floors
and now the dirt is so bad that it is tracked to the outdoors&#8217;. Oil stains in
the drive through tell the customer &#8216;you are going to be sitting here a
while&#8217;. A clean property speaks of your business philosophy; it instills
customer confidence and is more inviting to potential clients. People feel safer and
are more at ease in a clean well kept environment. Mobi Clean offers the
professional cleaning services that eliminate the negative impressions and instill
buyer confidence. </P>

height=218>Graffiti Removal:</U></STRONG></FONT></P>
<P style="MARGIN: 0in 0in 0pt" class=MsoNormal>Graffiti makes people feel unsafe,
lowers property value, presents a negative image, and attracts additional vandalism.
The key is to remove the graffiti tag, quickly and completely. Painting over the
graffiti tag often times just creates a new canvas for taggers or may take away from
the appearance of the building. Mobi Clean uses a process that will safely eliminate
the graffiti from the surface without damaging the surface underneath. From brick to
glass, buildings to automobiles we have the process that works<SPAN style="mso-
spacerun: yes">&nbsp;</SPAN>safely and without damage.</P>

<P><STRONG><U><FONT color=#ff0000 size=4>Tile and Bathroom Cleaning Services:</FONT>
</U></STRONG></P>
<P style="MARGIN: 0in 0in 0pt" class=MsoNormal>No matter how hard you scrub you just
can&#8217;t get that tile clean like when it was installed. Many tiles and
especially the grout are porous and will trap and retain the dirt deep in the
material. A regular mopping will take off the surface dirt but does nothing to
remove the deep ground in stains. Our special equipment allows us to deep clean the
tile with pressurized water and detergents to lift and release the ground in stains
while removing the water at the same time for a no mess deep cleaning. Following the
cleaning we can apply a commercial grade penetrating sealer for additional
protection. </P>
