COIL INSULATION

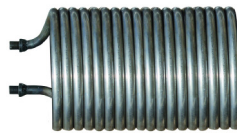

• 1" Thick x 24" Wide x 5' Long Enough for One Coil

#1037 \$39.95

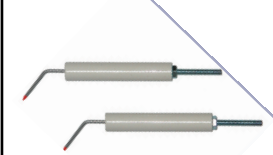

REPLACEMENT COILS

LOST A COIL? We have coils for any machine at the industry's best price!

800-346-4876

TUNE-UP KITS

#1416 Beckett \$ 8.49
#1389 Wayne \$34.19

Standard Feature:

2-Second Complete Burner Diagnostic Center

By pressing each of 3-buttons the center will tell you to either replace a flow/pressure switch, thermostat or hi-limit switch.

END DISCHARGE SEVERE DUTY HEATERS

These are the most efficient heaters in the industry. While many heaters only have 160' of imported coil pipe our SD Heater Series have 260' of domestic cold rolled premium pipe.

End discharge is the professionals choice simply because they can actually see if the heater is mis-firing. The end discharge design eliminates rain or other contaminants from entering the firing chamber.

Complete with Flow Switch, Thermostat, Hi-Limit Switch and White Rodgers burner relay that extends the life of burner components.

#9898ED \$3,995.00

SALE \$2,977.00

25 AMP Engine Recharging System Required.
Customer Pays Shipping on pressure washers and heaters.
