SYSTEMS

STANDARD FEATURES:

KOHLER EFI 26.5 HP ENGINES

This is the only system in the industry that returns to idle when the trigger gun is released. Test show that if you use this engine a minimum of 35 hours per week that your annual gas savings will be approximately \$3,100.00.

ALLISON SEVERE DUTY PUMPS

The only pumps in the industry that come with a 2-year 'bumper to bumper' warranty that covers every component.

DUAL GUN OPERATION

This feature allows the operator to use the machine as a single gun unit at either full-volume, full-pressure, a single gun unit at half-volume, full pressure or 2 operators at half volume each and full pressure on both guns.

ALLISON SEVERE DUTY GEAR DRIVES

Belt drive units are a thing of the past. Allison Gear Drives last longer, require little maintenance and extract more available engine horsepower than any other machine in the industry.

ALLISON SUPER SUDS SUCKER CHEM INJECTION

For over 35 years Allison Suds Sucker Chemical Injectors have been the professionals 'first choice' when it comes to chemical delivery. These systems will produce as much as 50% chemical draw even with 500' of high pressure discharge hose attached.

ALLISON HOT WATER OPTION

Allison heaters contain 260' of schedule 80 pipe and are equipped with a 12V, SDC Beckett Burner.
