Extra Grease Cutting Solvents
to remove exhaust carbons
from trailer bodies & tractors
and call it...

MR. MUSCLE

Trying to clean trailer bodies that
are loaded with 'exhaust carbon'
has been a nightmare for every
contractor who has ever
attempted to make a living
washing commercial vehicles.

Every mile traveled by 95% of
every tractor/trailer on the highway results in more
work and less profit for those who attempt to keep
them clean. Since truck washing was the 'back-
bone' of my company many years ago I know first
hand the difficulties you experience.

The absolute - only way to tackle this 'monster' is with
solvents and not only the right family of solvents
but plenty of them. Although it's ZP1 Complex
Base - Prodigy is loaded with solvents...

Mr. Muscle contains 3-times as much.
