

HEALTH AND SAFETY INFORMATION

Effects of Over Exposure:

- **Ingestion:** Damage to renal system may occur.
- **Eyes:** Causes severe eye irritation.
- **Skin:** Causes skin irritation.
- **Inhalation:** Causes respiratory tract irritation.

Emergency First Aid Procedures:

• **Ingestion:** Drink large quantities of water or milk and allow vomiting to occur. Examine victim for possible corrosive injury to mouth and throat and irrigate the areas with 1% Acetic Acid until alkali is neutralized. Seek medical attention immediately.

• **Eyes:** Remove contact lenses. Flush with copious amounts of water until all material is removed. If irritation develops or persists, seek medical attention immediately.

• **Skin:** Wash contacted area with soap and water. Remove contaminated clothing. If irritation persists, seek medical attention.

• **Inhalation:** Remove to fresh air. If breathing is difficult, oxygen may be given, preferably with a physician's advice. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing difficulties persist seek medical attention.

FRONT-LINE AUTO SHINE

'SPOT-FREE' CAR WASH WITH GLOSS ENHANCERS

BLENDING INSTRUCTIONS

5-gallons of FRONT-LINE emulsion makes 55 gallons of concentrate that you will down-stream through an Allison Super Suds Sucker Injector.

USE INSTRUCTIONS

For best results wash auto-dealers after hours when the surfaces are cool, there is no foot-traffic and the employees are gone. Under these conditions you can easily clean 75 line cars per hour with one operator. Since FRONT-LINE is a silicone base product the water will sheet off so quickly that drying will not be necessary.

Simply soap 5-10 cars down real quickly, return to high-pressure rinse and blast away to great results and great profits.
