

IPC Eagle

IPC Eagle Corporation is a member company of IPC (Integrated Professional Cleaning), which is one of the largest manufacturers of cleaning equipment in the world. This alliance provides for a broad range of innovative products to meet the needs and demands of the cleaning industry.

IPC Eagle offers one of the most complete lines of cleaning equipment on the market today. All of the products provide alternatives and improvements to the way work is done in our industry. Check out IPC Eagle and see why it has become one of the dominant forces in the U.S. cleaning industry.

SmartVac™

The **SmartVac™** is in a category all of its own and will change how floor surfaces are maintained. The battery-operated **SmartVac™** will vacuum carpet and sweep floors at incredible productivity rates, automatically adjusting to any surface, and even cleans its own filter. Throw away your old uprights and see a return on investment in as little as a few months.

- 24" - 32" battery vacuum and sweeper
- Multi-surface vacuum and sweeper
- Cleans up to 41,000 sq. ft./hr.
- Battery operated up to 2.5 hours
- Genius' technology—just choose the cleaning mode
- Highly maneuverable
- Picks up large debris with no worries
- Digital hour meter to measure the productivity
- Adjustable handle for easy transport and storage

SmartVac™ 464
24" Battery Vacuum Sweeper

Easy to use with two preset work programs and a display with self-diagnosis data, battery charge status, and hour meter.

Vacuum shutoff for use when sweeping wet areas.

On-board battery charger. Enables the battery to be charged anywhere.

Self-cleaning filter with cleaning frequency linked to the selected work program.

SmartVac™ 664
32" Battery Vacuum Sweeper

The brush automatically adjusts to any type of carpet or hard surface floors.

Vacuum Sweepers IPC Eagle

The **512/712 Vacuum Sweepers** represent a revolution in the vacuum sweeping of carpets and hard surface floors. With their built-in battery chargers, large debris littergates, and battery run times of up to 4.5 hours, they bring a new level of productivity to floor maintenance.

- Cleaning rates up to 27,000-38,000 sq. ft./hr.
- Cleaning widths from 28" - 36"
- Battery or gas operated
- Built-in battery charger "Smarter Charger"
- From carpet to hard surface without adjustment
- Exceptional dry soil removal
- 5 micron dust control
- Easy to operate
- Robotically welded for maximum quality
- Electrical monitoring system will extend battery life
- High-efficiency filtration available

512

512R/712R Vacuum Sweepers

- Cleaning rate up to 51,000
- Cleaning width of 28" - 36"
- Built-in battery charger "Smarter Charger"
- From carpet to hard surface without adjustment

- Huge hopper capacity
- Heavy-duty chassis
- Easy to operate
- Robotically welded for maximum quality
- Dust filter replacement without tools

Vacuum Sweepers

Genius Sweepers

The **Genius Sweepers** are available in battery or dual-power propane versions. These unique hybrid sweepers utilize a combination of a battery electric power system and a relatively small gas/propane-powered engine to produce electricity to run its motors. A variety of sizes to choose from to fit light industrial and warehouse applications.

Patented Dual Power!

Up to 20%¹ more power
 Limited smoke emissions
 Considerably lower fuel consumption
 Drastic cut in maintenance costs

Quality components

HONDA

Up to 6² hours running time with battery version

- Patented dual-power Genius technology
- Patented self-adjusting broom
- Patented self-cleaning filters
- Patented self-adjusting side broom
- Variable side broom speed
- Adjustable lift flap for large debris
- No tool broom replacement
- No tool filter replacement
- Multi-function diagnostic display

Very Easy To Use!

Patented Self-Leveling And Self-Adjusting Main Brush!

Patented Automatic Side Brush Movement—Sweeps Perfectly While Turning!

Patented Self-Cleaning Dust Filters—There's No Need To Stop!

TK500M
 28" Cleaning Width

TK500M

The **TK500** manual sweeper is designed to be the easiest-to-use manual sweeper on the market. With a two-stage hopper system, it provides a level of dust control unusual in a manual sweeper. The steel frame provides long-term durability.

- Cleaning productivity up to 27,000 sq. ft./hr.
- 28" cleaning width
- One-hand operation
- Superior dust control
- Lightweight
- Large hopper capacities

¹ Genius 1200 achieves 16% more power
 Genius 1400 achieves 20% more power

² Genius 1200 will get up to 5.5 hours
 Genius 1400 will get up to 6 hours

Genius Sweepers

Genius 1050 (Battery Operated)

The **Genius 1050** is the perfect step up to higher productivity from walk behind units. Small enough to go through a 32" opening but large enough to clean a 39" cleaning path.

- Up to 84,000 sq. ft./hr.
- 39" cleaning width
- Genius technology with 3 programmable cleaning modes
- Spin-on, spin-off brushes
- Patented self-leveling main broom
- Patented self-cleaning filters

Genius 1050
39" Cleaning Width

Genius 1202 (Battery & Gas Operated)

The **Genius 1202** is a compact and maneuverable ride-on sweeper with a choice of three work programs for efficient cleaning of large surfaces.

- Cleans 91,000 sq. ft./hr.
- 48" cleaning width
- Climbs to 16% incline
- Genius technology with 3 programmable cleaning modes
- Available in battery or dual-power versions

Genius 1202
48" Cleaning Width

Genius 1404
58" Cleaning Width

Genius 1404 (Battery & Gas Operated)

The **Genius 1404** features a wide range of standard accessories. Its dual-power system and choice of three different brushing methods provides an answer to even the most difficult cleaning situation.

- Cleans 113,000 sq. ft./hr.
- 58" cleaning width
- Climbs to 20% incline
- Genius technology with 3 programmable cleaning modes
- Available in battery or dual-power versions

Automatic Scrubbers IPC Eagle

“Get Right Sized”—**Cleantime Automatic Scrubbers** are specifically designed to meet the productivity needs of everyday cleaning and not the norms of the equipment industry. With a total of 23 automatic scrubbers, IPC Eagle will have the “Right Size” scrubber for any job.

SLS (Self-Leveling System) uniform scrubbing guaranteed by the spring-activated floating head, which adapts instantly to even the most irregular surfaces.

CWS (Central Weight System) balances the weight of the machine constantly on its center, allowing for increased maneuverability and productivity.

AFS

AFS (Anti-Foam System) exclusive anti-foam system uses air flow to protect the vacuum motor against foam.

Automatic brush attachment and release system (without hands or tools).

CT40B50
20" Brush & Traction Drive

CT40

10/13 Gallons, 20" Brush & Traction Drive

The incredible compact size, large tank capacity, and ease of use will offer high productivity and performance with very little training.

- Tank capacity: 10/13 gallons
- Scrubbing width 20"
- Self-leveling brush head
- Anti-foam system
- Spin-on/spin-off brush
- Brush and traction drive

Automatic Scrubbers IPC Eagle

CT70

19/20 Gallons, 20", 24", 28"

Brush & Traction Drive

The **CT70** provides the productivity of scrubbers twice its size in a very small compact design. The simplicity, ease of use, and maneuverability of the **CT70** is very unique to scrubbers in this range. Even with a very compact size, the **CT70** will clean up to 50,000 square feet in one charge.

- Optional on-board charger
- Tank capacity: 19/20 gallons
- Scrubbing width 20", 24" and 28"
- Battery operated
- Floating brush system
- Anti-foam system
- Exclusive V squeegee
- Spin-on/spin-off brush (20" only)
- Superior balance and maneuverability
- Brush and traction drive

CT70
20" Brush & Traction Drive

CT60BT55R
21" Dual Cylindrical

CT70
24" and 28" Traction Drive

CT60BT55R

16 Gallons, 21" Dual Cylindrical

The **CT60BT55R** has dual counter rotating cylindrical brushes to sweep, wash, and dry in just one pass.

- Cylindrical sweep and scrub
- 21" cleaning width
- Traction drive
- Battery operated
- Floating brush system
- Anti-foam system
- Exclusive V squeegee

Automatic Scrubbers IPC Eagle

CT90

24/25 Gallon, 28" & 32" (Traction Drive)

The **CT90** is designed to clean large areas fast but maintain the maneuverability and ease of use of the other Cleantime automatic scrubbers. Even with a very compact size, the **CT90** will clean up to 65,000 square feet in one charge.

- Optional on-board charger
- Tank capacity 24/25 gallons
- Scrubbing width 28" and 32"
- Battery operated
- Floating brush system
- Anti-foam system
- Exclusive V squeegee
- Traction drive

CT90BT70
28" & 32"
Traction Drive

CT100

26/29 Gallons, 28", 32", 30" Cylindrical

The **CT100** is available in 28", 32" and 30" cylindrical scrubbing widths. Through innovation, the **CT100** offers high productivity in a compact design, superior maneuverability and outstanding cleaning performance.

- Tank capacity: 26 gallons
- Scrubbing width 28" and 32"
- Curved squeegee
- Anti-foam system
- Compact design
- Self-propelled forward and reverse
- Cylindrical sweeps and scrubs available in 30"

CT100BT70/85
28", 32" & 30" Cylindrical Scrubbing Widths

CT100BT75R
28", 32" & 30" Cylindrical Scrubbing Widths

Automatic Scrubbers IPC Eagle

CT110

29/30 Gallon, 28" & 32" Rider Scrubber

The **CT110** is an incredibly small rider scrubber but with a 30 gallon tank offers much higher productivity than other rider scrubbers in its range. Designed to offer high productivity and performance with very little training.

- Optional on-board charger
- Optional "Chem-Dose" system
- Tank capacity 29/30 gallon
- Scrubbing width 28" and 32"
- Three preprogrammed work settings
- Automatic solution and speed reduction on turns
- Self-leveling brush system
- Exclusive squeegee system

CT110
28" & 32" Rider Scrubber

CT160
28", 32" or 36" Scrubbing Width

The CT160 Cylindrical is equipped with 30" dual counter rotating brushes to sweep, wash, and dry in just one pass. Ideal for grouted tile and warehouse floors.

CT160

40 Gallons, 28", 32", 36" & 30" Cylindrical

The **CT160** scrubber is designed for commercial and warehouse cleaning applications. It utilizes our Genius technology to make it the easiest to use rider on the market. Even the brushes are connected and disconnected automatically.

- Optional on-board charger
- Scrubbing width 28", 32", 36" and 30" cylindrical
- 40-gallon capacity
- 4.5 hour run time
- Ultra-dry squeegee system

CT160
30" Cylindrical

Automatic Scrubbers IPC Eagle

CT12
14" Cylindrical Scrubber

CT12

3.5 Gallon, 14" Cylindrical Scrubber

This fully automatic commercial scrubber is engineered to clean areas that are impossible to clean with conventional scrubbers. The unit has a low, 14-inch profile, which enables it to get underneath hospital beds, bathroom stalls and other hard-to-reach areas. Easily converts to clean carpets and upholstery.

- Tank capacity: 3.5 gallons
- Scrubbing width 14"
- Excellent on grouted surfaces
- Converts to self-contained extractor
- Forward/reverse pick-up
- Removable recovery tank
- Cylindrical brush design

T10/T15 Cylindrical Scrubbers

The **T10/T15** have been specifically designed to give unequalled performance in maintaining and restoring grouted and textured floors

- Two sizes, 10" and 15" to fit any application
- Thoroughly deep cleans porous and textured surfaces
- Restores as it cleans
- Scrubs and dries in one pass in either direction
- Cylindrical design outperforms traditional methods
- Safe and easy to use, even in restoration

T10
1.3 Gallons,
10" Cylindrical

T15
4 Gallons,
15" Cylindrical

F36

9/10 Gallons, 20" Brush Driven Electric or Battery

The **F36** automatic scrubber feature "hands-free" brushes. The "hands-free" brush automatically spins-on and spins-off. The operator never touches the brushes.

- Tank capacity: 9/10 gallons
- Scrubbing width 20"
- Available in battery or electric models
- Spin-on, spin-off brushes
- Extremely compact and maneuverable
- Simple, easy to operate
- Adjustable-speed control

F36
20" Brush Driven Electric or Battery

Floor Machines

Low Speed

These 17" and 20" floor machines were designed to handle everyday use and abuse. The rotationally molded polyethylene base will absorb impacts and maintain a good appearance for along period of time. The glass-filled switch box and the trigger handle have incredible strength.

- Available in 17" and 20"
- 175 RPM
- 1.5 hp, AC motor
- Rotationally molded polyethylene base for long-term durability and appearance
- Chrome-plated handle
- High-tech glass-filled switchbox and trigger handle for incredible strength

SD17/SD20
17" and 20"

High Speed

The **SD 2000** high-speed burnisher will provide the high-gloss results that are expected in today's floors. Equipped with a Flex pad driver at 2000 RPM, the **SD 2000** will provide high productivity and optimum performance.

- 20" belt drive 2000 rpm burnisher
- 1.5 hp DC rectified motor
- Rotationally molded polyethylene base
- Flex pad driver for increased productivity

SD 2000
20" Belt Drive

Eagle Pro Propane Burnisher

The **Eagle Pro** line of propane burnishers is one of the most complete propane lines in the industry. With 18 models to choose from, there is an Eagle Pro burnisher or stripper to fit any application.

- Honda, Robin, and Kawasaki engines available
- Models available in 11, 13, 17, and 22 hp
- Sizes include 21", 24", 27" and 30" models

Eagle Pro
21", 24", 27" & 30"

Fastract™ Extractors

SC4/SC7/SC12
12", 17", 19" Cleaning Widths

SC4/SC7/SC12

These 4, 7 and 12 gallon self-contained extractors offer portability, ease of operation, and performance. With up to a 19" wide cleaning path, high-speed brush, and dual vacuum motors, the SC7 and SC12 can clean and dry carpets fast!

- Tank capacity: 4, 7 and 12 gallon models
- Cleaning paths 19" (SC12), 17" (SC7) and 12" (SC4)
- Patented, 4-wheel design for excellent balance and turning radius
- Self-adjusting, self-leveling brush eliminates manual adjustment
- Dual buckets with the SC12 for safe lifting and dumping of solution

Job Extractor
3 Gallon Fresh Water Tank

Job Extractor

The Job is the perfect tool for cleaning and spotting of carpet, upholstery and hard surface floors.

- For carpet, upholstery and hard surfaces
- Powerful 1.5 hp vacuum motor
- Polyethylene for durability
- 6-caster design for easy mobility
- Comes equipped with hose and tools for carpet, upholstery and hard surfaces
- 3-gallon fresh water tank
- Locking hose-in-hose with swivel cuff
- 9-gallon recovery tank

IPC Eagle

BX2
2 Gallon Tank Capacity

BX2

The only small extractor truly designed to be a spotter. With a built-in transport handle, molded-in holders for spray bottles, and a place to wrap the cord and hose, it is ready to clean those spots whenever you are!

- At 17 pounds, it is compact and maneuverable
- Tank capacity: 2 gallons
- Built-in handle and 6" wheels makes it easy to transport
- Built-in spray bottle holders transform the machine into a spotting system
- Only upright-mounted vacuum motor on the market to ensure longer motor life

BX12/BX12 w/heat
12 Gallon Tank Capacity

BX12/BX12 w/heat

The BX12 is designed to provide professional cleaning performance. With a standard 150 psi pump, dual vacuums, and an optional in-line heater, the BX12 has the power to reclaim the dirtiest of carpets.

- Powerful, 150 psi pump and dual vacuum motors with 150" water lift provides for optimum cleaning
- Available with or without built-in heater
- All motors are mounted to a metal baseplate to guarantee long-term durability
- All fittings—such as the strain relief, quick disconnect, etc.—are fully protected, eliminating breakage during transport, storage and operation
- Intercooler cools the motor compartment, extending motor life

Vacuums

Wet/Dry Vacuums
Up to 24 Gallon Tank Capacity

Wet/Dry Vacuums

A full line of polyethylene and steel tank wet/dry cleaners for dirt and liquid pickup available with a variety of options including HEPA equivalent filters. Large area, front-mounted squeegee and a variety of tool options.

- Tank capacities up to 24 gallons
- 9-piece standard tool package and hose
- Polyethylene, polypropylene, and steel tank options
- Powerful 1.5 hp single or dual vacuum motors
- Automatic pick up with attachable squeegee tools
- Private label available
- Optional front-mount squeegee

Auto Discharge Wet Solution Vacuums
18 or 24 Gallon Tank Capacity

Auto Discharge Wet Solution Vacuums

This is the perfect restoration and clean-up tool. This unit allows for vacuuming of wet solution, while pumping out the solution at a rate of 40 gallons per minute.

- Tank capacity: 18 or 24 gallons
- Pumps out up to 40 gallons per minute
- Direct discharge for containment
- Comes standard with 10' hose, 2-piece curved lance, and 19" squeegee tool for water pickup
- Steel and polyethylene tank
- Eliminates dumping
- Accommodates front-mounted squeegee

Hospital Canister
Vacuums
3 and 5 Gallon
Tank Capacity

Hospital Canister Vacuums

The Hospital has the most powerful vacuum in its class. It was designed for where high filtration and sound sensitivity is a must, but is perfect for any facility requiring high-performance vacuuming.

- Powerful 1000 watt super high-speed vacuum for deep cleaning
- Extra quiet for sound sensitive environments
- Optional motorized power head
- Four-stage filtration
- Available in 3 and 5 gallon sizes

Leo Canister
Vacuums
3 Gallon Tank
Capacity

Leo Canister Vacuums

The Leo is small in size, but very large in performance. It was designed for where high filtration and sound sensitivity is a must, but is perfect for any facility requiring high-performance vacuuming.

- Powerful 1000 watt super high-speed vacuum for deep cleaning
- Extra quiet for sound sensitive environments
- Optional motorized power head
- Three-stage filtration
- 3 gallon capacity

The "Commercial" Upright Vacuums

The commercial is the lightest and most powerful upright on the market. The perfect combination.

- 14" and 16"
- Built for commercial use
- On-board tools
- High filtration
- A la carte private label program
- Equipped with HEPA filtration for improved indoor air quality

Commercial Upright Vacuums
14" and 16" Cleaning Widths
