

GLASS DE-ETCH

ENVIROSPEC
1-800-346-4876

GLASS DE-ETCH

is an ultra high grade polishing compound. A lesser grade of this compound is used to polish out scratches on expensive crystal such as that found on Rolex Watches.

***A Must Have for
Mobile Contractors***

**Removes Soap Scum &
Small Scratches
on Windows**

This Quality Product is Manufactured by:

ENVIROSPEC

a Division of: Hi Tech Jetting Technologies, Inc.
751 MLK Hwy. • Homerville, GA 31634

For further information call:
1-800-346-4876

DISTRIBUTED BY:

RARE EARTH GLASS CRYSTAL POLISHING COMPOUND

MIXING:

Add water to product and stir until product is about the viscosity of pancake batter.

APPLICATION:

Wipe a fair amount onto glass and using high speed buffer (1750 rpm) polish in compound while applying slight pressure. Do not apply too much pressure as this could cause the glass to break.

If compound begins to dry while buffing spray with water or glass cleaner in order to keep product moist.

Caution: Physical damage could occur.

For Industrial or Professional Use Only

**KEEP OUT OF REACH
OF CHILDREN**

Emergency First Aid Procedures:

• **Ingestion:** DO NOT give anything by mouth. Do not leave victim unattended. If vomiting occurs, or if comatose or lethargic, place victim on the left side with the head down. Seek medical attention immediately.

• **Eyes:** Flush with copious amounts of water until all material is removed. If irritation develops or persists, get medical attention.

• **Skin:** Thoroughly wash exposed area with soap and water. Remove contaminated clothing. Launder contaminated clothing before reuse.

• **Inhalation:** Remove to fresh air. If breathing is difficult, oxygen should be administered by a qualified person. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get immediate medical attention.
