Oxy-Act.eps

Oxygen/Acetylene Features and Benefits

- The exclusive dual hex swivel was designed by the original designer of the dual concept.
- The major advantage of the swivel design is that in the event of an O-ring failure, the gases will go to atmosphere instead of mixing
- Safety banded drive spring.
- The swivel is marked for the acetylene side with notches on the hex nuts for easy identification
- Beaded edges on spool prevents hose damage or injury to operator.
- 8-position guide arm.
- Durable powder coated finish.
