## STANDARD FEATURES: KOHLER EFI 26.5 HP ENGINES

This is the only system in the industry that returns to idle when the trigger gun is released. Test show that if you use this engine a minimum of 35 hours per week that your annual gas savings will be approximately \$3,100.00.

## ALLISON SEVERE DUTY PUMPS

The only pumps in the industry that come with a 2-year 'bumper to bumper' warranty that covers every component.

## DUAL GUN OPERATION

This feature allows the operator to use the machine as a single gun unit at either full-volume, full-pressure, a single gun unit at half-volume, full pressure or 2 operators at half volume each and full pressure on both guns.

## ALLISON SEVERE DUTY GEAR DRIVES

Belt drive units are a thing of the past. Allison Gear Drives last longer, require little maintenance and extract more available engine horsepower than any other machine in the industry.

## ALLISON SUPER SUDS SUCKER CHEM INJECTION

For over 35 years Allison Suds Sucker Chemical Injectors have been the professionals 'first choice' when it comes to chemical delivery. These systems will produce as much as 50% chemical draw even with 500' of high pressure discharge hose attached.

## ALLISON HOT WATER OPTION

Allison heaters contain 260' of schedule 80 pipe and are equipped with a 12V, SDC Beckett Burner.

**ORDER ON-LINE @ WWW.ENVIROSPEC.COM**

40 years ago John Allison had a Mobile Wash business and he could never find a chemical injector that would 'SUCK' enough chemical - so he made one and since that time the Allison Super Suds Sucker has become the industry's

**#1 SELLING CHEMICAL INJECTOR!**

*Allison* **33%**  
**SUPER SUDS SUCKER**

The industry's #1 selling chemical injector

- Draws Chemical with 500' of HP hose
- For machines from 2 GPM to 10 GPM

#1964 ~~\$87.44~~ **\$49.95**

**So you want MORE?  
How about 50% Chemical?**

**12-VOLT, HIGH VOLUME  
CHEMICAL INDUCTION SYSTEM**

**TEST RESULTS:**

Pressure Pump - TS2021 - 5.6 GPM

Injector - Allison Super Suds Sucker

Length of hose - 500'

Using the above configuration we were able to draw 2.8 gallons of detergent in 60 seconds.

This system comes standard with 2 each 3-way inlet valve which means the operator can draw from 1 of 2 different chemicals just by a 'quick' twist of the handle.

On the outlet side is another 3-way valve that gives the operator 2 OPTIONS:

**OPTION 1: 100% CHEMICAL DRAW**

Hook up a 3/8" chemical line to one side of the valve and apply straight chemical on the surface. This is a great option for the roof, shake and deck cleaning industries.

**OPTION 2: 50% CHEMICAL DRAW**

Hook the other side to the inlet barb on your chemical injector and you will be able to **draw chemical** at a rate of up to **50%** as opposed to 10-15% with injectors manufactured by other companies.

WHEN NOTHING ELSE WILL CLEAN IT  
CONTRACTORS TURN TO...

## CHISEL

60 pounds of pure SuperFlo Polymer, an extra gallon of specialty grease cutting solvents, extra water softeners, extra 'quick-rinse' aids and a double dose of EnviroSpec's famous Gloss Enhancers makes CHISEL the most incredible truck wash and all purpose cleaner/degreaser in the industry.

**USE THIS PRODUCT** as the most concentrated, most powerful truck wash in the industry. This is the ideal product for those accounts that you only see 1 time per month or even longer intervals.

We have met the demands of the Professional Contractor for over 40 years.

# PRODIGY

**55 GALLONS  
SALE \$139.00**

Best suited for washing and degreasing over the road commercial vehicles.

One drum pak of PRODIGY makes **110 GALLONS** of a heavy duty concentrate or **55 GALLONS** of a Severe Duty Extract.

\*Perfect 'Step 2' of Acid/Alkaline cleaning process

## PRODIGY CONTINUES AS THE INDUSTRY'S #1 TRUCK WASH DETERGENT

In September 1982 the SuperFlo Complex was conceived. At that point, it was still not available to the professional power wash industry simply because there was no EnviroSpec at the time.

Then in 1986 John Allison, ex-mobile washer and the inventor of SuperFlo Polymer, brought this exciting 'chemical complex' to market in his first truck wash detergent which he called Prodigy. Prodigy is still recognized today as the absolute finest truck wash detergent in the industry.

There's no room for a "mediocre truck wash." Those products are best left on the grocery store shelves for consumers who do not necessarily require professional grade products to carry on their day-to-day lives.

Powered by the most sophisticated blend of builders, surfactants, wetting and rinse aids Prodigy takes the essence of the iconic SuperFlo Polymer Complex and pushes it to the limit.

**USE THIS PRODUCT** when vehicles are very dirty and there is a lot of exhaust carbon on the surface or when accounts only wash every 4-8 weeks or longer intervals. Contains Gloss Enhancers.

# VIPER

**The best for  
white or light colored  
tractor & trailer bodies!**

Best suited for **truck** washing in hard-water areas

One drum pak of VIPER makes  
**110 GALLONS** of a heavy duty concentrate  
or **55 GALLONS** of a Severe Duty Extract.

Contains a heavy concentration of butyl solvents, 'high-yield' builders, surfactants, 'quick rinse' agents and silicone based gloss enhancers.

## UNCOMPROMISING SAFETY AND ENVIABLE PERFORMANCE

CUSTOMER DEMANDS AND OUR FLAWLESS DELIVERY PROVIDE UNCOMPROMISED PERFECTION.

There are no compromises. Both in-field development and customer demands are the pinnacles of modern day development at EnviroSpec.

Not exclusive to cleaning applications, *safety and performance* experiences extends to all contractors and all industries who are passionate about our products.

Viper is a specialty product specifically formulated for the 'high volume' truck washing Industry where exhaust fumes have become attached to the stack side of the trailer body & rear engine areas of city buses. Coupled with and extra dose of carbon release activating solvents and rinse aids, Viper also finds itself being utilized in other areas where the heavy build-up of grease & oil is present.

Viper comes packaged in a two-part system. One part is approximately forty (40) pounds of Viper extract. The second part is a liquid Carbon Release Activator. The two combined will make 55 gallons of a Severe Duty Extract that can be further diluted into a 110 gallon container that will yield a heavy duty concentrate.

**USE THIS PRODUCT on large accounts that you wash every 1-4 weeks and where *speed in production* is the objective. Contains extra solvents, rinse aids and Gloss Enhancers.**

We're always raising the level of performance to meet your expectations.

# BOND BREAKER

**55 GALLONS  
SALE \$174.00**

Best suited for a touchless truck washing and 'road film' remover.

One drum pak of BOND BREAKER makes **110 GALLONS** of a heavy duty concentrate or **55 GALLONS** of a Severe Duty Extract.

Contains blends of 'negative charged' surfactants, 'high-yield' builders, surfactants, silicone based gloss enhancers and a heavy concentration of solvents to cut exhaust carbons.

Available Sizes:

55 to 110 Gallon Drum Pak	<b>#BB55</b>	<del>\$190.00</del>

\*Perfect 'Step 2' of Acid/Alkaline cleaning process

## THE INDUSTRY'S ONLY 'TOUCHLESS' TRUCK WASH

As the industry's only exclusive manufacturer of *job-matched* mobile power wash detergents, we've built an extensive and diverse portfolio of winning performance solutions. Everywhere contractors travel, an EnviroSpec *job-matched* product is ready to meet another challenge.

One of the toughest challenges we have ever undertaken was that of *film free* cleaning. What began as our breakthrough in touchless, *film free* cleaning has now become the standard that all competitors strive to conquer. *None have.*

Our customers will tell you that EnviroSpec has a *history* of making *history*. Since our first product, EnviroSpec has set the pace for what all detergent manufactures would like to someday become. With an ongoing stream of *firsts in safety and performance*, we have an even more exciting road map to the future. And while there's a never ending challenge for new achievements, there's only one reason why EnviroSpec remains first in innovation and that is our *obsession* for *safety and performance*.

**USE THIS PRODUCT** on vehicles that you wash every 1-2 weeks when you want to remove 'road film' without having to brush the vehicle. (Premium Wash/Premium Price) Contains Gloss Enhancers

At EnviroSpec quality is not an act. It is a habit.

# Emulsifier PLUS

**55 GALLONS  
SALE \$139.00**

**BLEACH FRIENDLY** house wash for vinyl, aluminum and wood siding.

One drum pak of EMULSIFIER PLUS makes **110 GALLONS** of a heavy duty concentrate or **55 GALLONS** of a Severe Duty Extract.

Contains a heavy concentration of 'bleach' friendly surfactants and solvents, 'buffered' heavy duty builders, 'quick rinse' agents and silicone based gloss enhancers.

\*Contains Lorox LO surfactant

## When you have to penetrate an inch of mildew FIRST the easy answer is Emulsifier Plus!

An important part of our house wash detergent portfolio has focused on a method to combine 'sodium hypochlorite' (chlorine) with a detergent. Our customers need to do this in order to work through a heavy build-up of mold/mildew before they can get at other surface pollutants that bleach will not clean.

At EnviroSpec safety has always been equally as important as performance. At the onset of this project we first had to take into account that Sodium hypochlorite, the active ingredient in chlorine bleach, has a dangerous and sometimes explosive reaction with ammonia, drain cleaners and other acids so none of those ingredients could be considered as part of the blend.

It took well over a year of formulation and field testing before our product Emulsifier Plus was presented to the professional house washing industry as the one house wash product that can *do it all*. Since then Emulsifier Plus has been *our industry's #1 selling house wash detergent*.

**USE THIS PRODUCT** if you need to add a little bleach to the mix to help you penetrate down to other embedded surface pollutants. Contains Orange Peel Solvents and Gloss Enhancers

We won't have a society if we destroy the environment.

# Limonene

**55 GALLONS  
SALE \$149.00**

Citrus Solvent house wash for vinyl, aluminum and wood siding.

One drum pak of LIMONENE makes **110 GALLONS** of a heavy duty concentrate or **55 GALLONS** of a Severe Duty Extract.

Contains a heavy concentration of butyl solvents, 'buffered' heavy duty builders, surfactants, 'quick rinse' agents and silicone based gloss enhancers.

Available Sizes:

55 Gallon Drum Pak #LIM55 ~~\$164.00~~  
 30 Gallon Drum Pak #LIM30 \$ 97.50  
 5 Gallon Drum Pak #LIM5 \$ 50.00

## d'LIMONENE extracts...

*Don't just remove mildew - KILL IT!*

Long before it became front-page news, the environment was a *front-end* concern in the development stages of every product that we produced. While actively developing performance driven, environment friendly ways to conquer the tough cleaning jobs - others *were then and most still are today* - using antiquated 'hammer and chisel' technology.

As a result of our *roots* as professional mobile washers from the early 1970's, EnviroSpec is renowned for providing the industry's highest performing environment friendly products. At one time, as contractors ourselves, when nothing worked we had to sit down and figure out why. *We did* and today our customers are more profitable and more environment conscious because *we did*.

As homeowners continue to educate themselves in the field of exterior house washing they are now saying **NO** to the contractor who shows up to the job-site with nothing but a container of bleach.

**USE THIS PRODUCT on surfaces where there is a heavy build-up of mildew, exhaust carbons, acid rain and general fall-out pollutants are present. Contains Orange Peel Solvents and Gloss Enhancers**

Not enough chemical? Then you need an Allison Super Suds Sucker Injector

according to

**DAN GALVIN**

East Coast Power Wash

## **PLEX-MASTER**

**I have made hundreds of thousands of dollars off of this product alone!**

On a typical 2,000 s/f house this is about a 20 minute process. Simply apply PlexMaster through your down-stream injector and rinse before PlexMaster dries. We recommend doing the house in 4-6 sections. This product goes on over windows and rinses freely.

Most people want their house washed before they pay the window cleaner. When you use PlexMaster a window cleaner is not necessary because in addition to leaving a protective barrier that will last up to one year PlexMaster *also* leaves the windows 'sparkling clean.'

When you are done put them on your calendar to call next year for a follow-up PlexMaster treatment that you will charge \$149.95 for another 20 minutes work!

## Mildew Retardant & Surface Protector with Gloss Enhancers

Specifically formulated for the Exterior House Washing Industry

Plex-Master is a blend of silicone & silicone hardener, polymer and mildew retardant that will enhance the appearance of Vinyl and Aluminum Siding, Painted Wood and Metal surfaces after cleaning. Plex-Master is also an excellent product that will eliminate or substantially reduce the reformation of mold and mildew on all surfaces.

Plex-Master provides a distinctive edge that will separate the Professional Contract Cleaner from the "Splash 'N Dash" house washer. For just pennies per job the contract cleaner can provide the homeowner with a 'cleaner clean' and a 'brighter shine' that will last much longer than that of their closest competitor.

When you explain the advantages of using environment friendly products that will leave the soil exactly the way you found it and the added benefit of the Plex-Master application you have virtually left your competitors in the 'dust (dirt)'. With the addition of this product to your sales presentation you will be washing houses from \$400.00 and up even though your competitor quoted them for \$79.95. This is a fact that has been proven time and time again.

Mildew, which will form on virtually anything, will be much easier to remove when the surface has been coated with Plex-Master. In most cases the homeowner will be able to keep the surface looking *alive* and free of mildew for up to 1-year with an occasional rinse down using a standard garden hose. Another great feature of Plex-Master is that once applied and rinsed before it has been allowed to dry, the windows will be 'squeaky' clean.

Plex-Master - the product that separates you from everyone else!
