*Perfect 'Step 2' of Acid/Alkaline cleaning process

PRODIGY CONTINUES AS THE INDUSTRY'S #1 TRUCK WASH DETERGENT

In September 1982 the SuperFlo Complex was conceived. At that point, it was still not available to the professional power wash industry simply because there was no EnviroSpec at the time.

Then in 1986 John Allison, ex-mobile washer and the inventor of SuperFlo Polymer, brought this exciting 'chemical complex' to market in his first truck wash detergent which he called Prodigy. Prodigy is still recognized today as the absolute finest truck wash detergent in the industry.

There's no room for a "a mediocre truck wash." Those products are best left on the grocery store shelves for consumers who do not necessarily require professional grade products to carry on their day-to-day lives.

Powered by the most sophisticated blend of builders, surfactants, wetting and rinse aids Prodigy takes the essence of the iconic SuperFlo Polymer Complex and pushes it to the limit.

USE THIS PRODUCT when vehicles are very dirty and there is a lot of exhaust carbon on the surface or when accounts only wash every 4-8 weeks or longer intervals. Contains Gloss Enhancers.

Protecting the earth begins when EnviroSpec products hit the surface.
