East Coast Power Wash

## PLEX-MASTER

**I have made hundreds of thousands of dollars off of this product alone!**

On a typical 2,000 s/f house this is about a 20 minute process. Simply apply PlexMaster through your downstream injector and rinse before PlexMaster dries. We recommend doing the house in 4-6 sections. This product goes on over windows and rinses freely.

Most people want their house washed before they pay the window cleaner. When you use PlexMaster a window cleaner is not necessary because in addition to leaving a protective barrier that will last up to one year PlexMaster *also* leaves the windows 'sparkling clean.'

When you are done put them on your calendar to call next year for a follow-up PlexMaster treatment that you will charge \$149.95 for another 20 minutes work!

## CHEM SHOOTERS

These **Ultra High Impact Nozzles** can throw chemical over 3-stories high!

Use with any machine that has a chemical injector.

Works on power washers from 1.5 to 15 GPM

#5555 ~~\$39.95~~ **\$28.27**
