

SUPER SKID

It takes up to 2-hours to diagnose a burner problem on theirs and...
2-SECONDS ON OURS!

JUST HOW GOOD IS THIS

Allison

Severe Duty Performance Pump?

EnviroSpec provides a full 2-year parts & labor warranty on the Allison Severe Duty Pump installed on this system. Just return it to us pre-paid and a certified systems technician will repair or replace the pump, perform a 42-Point Inspection, clean and change the oil and return the pump to you in perfect running order.

Our job and promise is to keep your equipment running with little to no down time and we do that by providing our customers with a certified pump inspection and service program that you can't get anywhere else.

WHEN YOU SEE THIS BONUS BUCK STAR

it means the amount of money displayed will accumulate in your Bonus Buck Piggy Bank and can be used to reduce the cost of items by 10% that are purchased in March 2012 at Mobile Wash season start-up. You will accumulate Bonus Bucks when you purchase Chemical, Parts and Accessories found in this flyer, our printed catalog or our on-line catalog.

PRICE MATCH GUARANTEE: We always bring the industry's best price to the table. However, in the event we 'mis-cue' and have it brought to our attention prior to the sale we will meet any advertised price.

BULLETIN: There is a huge price increase & shortage coming from hose manufacturers so stock up now!

GENERAL: **TS2021**
PRESSURE PRO: **HP5535**

Just 'zip their's off' and
'zip ours on!'

JUST HOW GOOD IS AN

Allison

Severe Duty Performance Pump?

EnviroSpec will provide a full 2-year Bumper to Bumper warranty on these two Allison Severe Duty Pumps. Just return it to us pre-paid and a certified systems technician will replace any worn parts such as check valves, packings, oil seals or anything else that is showing signs of wear and the possibility of 'downtime.' We will also perform a 42-Point Inspection, clean and change the oil and make sure your pump comes back to you in 'like new' mechanical condition.

Our job and promise is to keep your equipment running with little to no down time and we do that by providing our customers with a certified pump inspection and service program that you can't get anywhere else.

SPECIAL NOTE: Just because the GAS HP rating may be higher than the engine you have these pumps will still work with your engine just by - 'not adjusting' the pressure to the pumps advertised maximum pressure. For example: If you need a lot of volume and not much pressure you could run the 10.0 GPM Pump with a 13 HP engine but only setting the pressure to 1,450 PSI or a 5.6 GPM Pump on that same engine could produce 2,500 PSI. Call with questions - it really is easy to do.

Allison Severe Duty Pumps will run harder & last longer than any pump in the industry and to show you just how confident we are that our Severe Duty pumps are better all you have to do is look at this warranty.

- Exclusive 2-year 'bumper to bumper' warranty with renewable service plans.
- Heavy Duty Reinforced Brass Heads with External and Internal Bracing.
- Large Diameter Stainless Steel Valve Caps with Increased Thread Depth.
- Oversized Bearings for greater belt 'side-loads' means longer pump back-end life.
- Heavy Connecting Rod Assemblies with Guide Pins for Perfect Cap Alignment.
- 'State of the Art' Packing Design means longer, uninterrupted run-times.
- Cool-run Technology and Extra Capacity Oil Sumps promote longevity.

PROFESSIONAL PRESSURE WASHERS...

...built for the long haul!

With the Signature TOP GUN Series we didn't just want another version of 'the same'. We wanted everyone who first sees the Signature to immediately recognize a level of excellence that they have never seen before. When you buy a pressure washer you have bought just another pressure washer. When you buy an Allison Signature you will have bought performance & functionality and you will own a system that will still be running long after most of the 'typical' pressure washers have returned to - 'dust'.

System Features:

- Triplex Pumps with bronze connecting rods, special roller bearings and hardened crankshaft.
- Allison Engine Terminator shuts down the engine should the pump overheat.
- Kohler Engine, Electric Start & Electronic Idle Down
- The largest recharging systems in the industry makes this system 'hot water ready'. Just hook it to a heater.
- Allison Soft Core, Unloading System with the lowest 'cycling threshold' in the industry.
- Quick Change Oil System on Pump, Gear & Engine
- Allison 'Super Suds Sucker' Chem Induction
- Hour Meter & Tachometer
- 5000 PSI Safety Pressure Relief Valve
- Marine Battery Box
- Hose, Gun, Lance & Nozzles included.
