

HEALTH AND SAFETY INFORMATION

Effects of Over Exposure:

- **Ingestion:** Damage to renal system may occur.
- **Eyes:** Causes severe eye irritation.
- **Skin:** Causes skin irritation.
- **Inhalation:** Causes respiratory tract irritation.

Emergency First Aid Procedures:

• **Ingestion:** Drink large quantities of water or milk and allow vomiting to occur. Examine victim for possible corrosive injury to mouth and throat and irrigate the areas with 1% Acetic Acid until alkali is neutralized. Seek medical attention immediately.

• **Eyes:** Remove contact lenses. Flush with copious amounts of water until all material is removed. If irritation develops or persists, seek medical attention immediately.

• **Skin:** Wash contacted area with soap and water. Remove contaminated clothing. If irritation persists, seek medical attention.

• **Inhalation:** Remove to fresh air. If breathing is difficult, oxygen may be given, preferably with a physician's advice. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing difficulties persist seek medical attention.
