

SPEED-X-777

RINSE AGENT

Not making as much money as you thought you would?
Cut your rinse time as much as 80% with Speed-X-777
Plus You'll Save That Precious Water!

Have you stopped to consider that 70% of your cleaning time is lost in the RINSE rather than WASHING? Don't believe it? The next time you go to the job site time yourself. How long does it take to apply the soap and how long does it take to make absolutely sure that all the "soap" is rinsed free? *You are in for a shock!*

Directions for use:

Mix product with detergent prior to dilution. Five (5) gallons mixes with 55 gallons of concentrate. After mixing dilute your chemical as usual for application. Wash as always and notice the increased speed in rinsing vs. the old.

On behalf of John and Shelly Allison, the Envirospec team, and all our little shelter babies, we would like to take a moment to say...

THANK YOU! THANK YOU! THANK YOU!

WHAT IS SOAP FOR HOPE?

When you purchase Chemicals from Envirospec you have helped to care for an abused, sick and hungry animal with no home.

ENVIROSPEC DONATES 100% OF THE AFTER TAX PROFITS
From ALL Chemical Sales to the charity listed below:
