KEEP OUT OF REACH OF CHILDREN

SPEED X-777

is a

SUPER FAST RINSE ADDITIVE

for both

CAUSTIC or NON-CAUSTIC

Detergent Products

Great for Cleaning Grease & Grime off of Road Equipment

BLENDING INSTRUCTIONS

This product can be added to any Caustic or Non-Caustic Detergent Product with a pH of 7.2 or higher.

Add 1 to 1-1/2 gallons of Speed X-777 to 55 gallons of detergent and stir vigorously for approximately 2-3 minutes. Product will be ready to use at this time. Remember - warm water (not to exceed 120°F) will always make powders go into solution easier. If cold water is used manual agitation may be necessary.

EnviroSpec products are manufactured in such a manner as to insure that once the product is totally dissolved that it will stay in solution for a very long period of time.

When mixing, fill a clean poly drum approximately 50% full of warm water and add Liquid.

#1. Place the nozzle of a high pressure washer close to the bottom and continue filling/blending for one minute. Next slowly add the powder while continuing to fill. At 80% full add Liquid.

#2. Continue filling until full.

Product is now ready to use.

Health & Safety Information EFFECTS OF OVER EXPOSURE

- Ingestion:** Damage to renal system may occur
- Eyes:** Causes severe eye irritation
- Skin:** Causes skin irritation
- Inhalation:** Causes respiratory tract irritation

Emergency First Aid Procedures:

- Ingestion:** Contact physician or Poison Control Center immediately.
- Eyes:** Flush with copious amounts of water until all material is removed. If irritation or pain develops or persists, contact physician or Poison Control Center immediately.
- Skin:** Thoroughly wash exposed area with soap and water. Remove contaminated clothing. If irritation occurs contact physician or Poison Control Center. Launder contaminated clothing before reuse.
- Inhalation:** Remove to fresh air. If breathing is difficult, oxygen may be given, preferably with a physician's advice. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get immediate medical attention.
