# "LITTLE FLOATER" SURFACE SPINNER

Shown with  
optional  
Trigger Guns

These 12" and 16" surface cleaners use force generated by your pressure washer to spin 2 spray nozzles at high speed, actually "floating" the spinner over the surface like a hover craft — which maximizes cleaning in small spaces and on uneven surfaces: sidewalks, driveways, pool decks, patios, roofs, etc. There are no wheels to hang up. And using a small, lightweight Little Floater is easy on the operator!

90-Day  
Warranty
