

THE UNLOADER THAT REPLACES ALL UNLOADERS

OVER 

New from EnviroSpec

...the people who have brought more great products to the industry than all other companies combined.

The Unloader that has all the
GREATEST FEATURES
of every unloader you have ever liked!

'Zero' pressure by-pass producing
a 'limp' hose while in by-pass!

Feels much better than the K-7
or any other unloader on the market!

One size fits all! No need to try and size an
unloader to the GPM of your machine!

Adjust like a pressure unloader
and feels better than a flow!

AU1145 \$119.95

...up to 11 GPM & 4,500 PSI
Replaces all unloader in this range.

AU2145 \$209.95

...up to 21 GPM & 4,500 PSI
Replaces all unloader in this range.

Since
1972

...and another great feature is - you will never have to purchase an easy-pull trigger gun again! This unloader makes every gun so easy to pull that even a 2-year old can pull the trigger with only one finger and that is not an exaggeration!
