

Emulsifier Plus

Bleach Friendly DETERGENT **Contains Gloss Enhancers**

Emulsifier Plus - is one of the Original House Wash Formulas developed by EnviroSpec. Knowing that Bleach works better than anything for killing and cleaning Mildew and taking into account that Bleach does absolutely nothing about cleaning carbon type pollutants such as acid rain, exhaust carbons, dirt, grease and grime the dilemma was - how to do both at the same time!

Bleach, for the most part, does not like to be blended with other chemical products and many of the chemical products found in the professional mobile wash industry can create a serious explosive situation when mixed with sodium hypochlorite (bleach). Emulsifier Plus, on the other hand, is the answer to both the safety issue as well as the cleaning problem. These two products work extremely well together when blended and applied in accordance with the EnviroSpec instructions. Have the best of both worlds - Clean and Kill Mildew and Clean All the other Pollutants typically found on an exterior substrate. And do it all in one pass!

Emulsifier Plus has a pH of around 11.8 to 12.0 in a 1% solution. This unique blend of Surfactants & Builders has been specifically formulated for the House Wash Industry as a stand alone detergent or a detergent additive to be blended together with Bleach.

Emulsifier Plus works great on removing heavy build-ups of grease, grime and general fallout pollutants generally found in high traffic areas and exhibits excellent wetting, chelating, rinsing, and emulsification properties. Its ability to hold pollutants in suspension during the wash process makes it an ideal product when using either hot or cold water pressure washers.

Emulsifier Plus comes packaged in a single very moist powdered system which is loaded with specialty solvents and gloss enhancers.

For the very best of all worlds add 2 gallons of product to 3 Gallons of Bleach

PH: 11.7-11.9

Caustic: No

Phosphates: Yes

Color: Yellow

Scent: Eucalyptus

Rinsing: Very Good

SuperFlo Polymer: Yes

Packaging: One 40 lb carton of powder with no liquid additives will yeild 55 gallons of liquid detergent concentrate

55 Gallon Professional Kit
Weight 40 lbs.
