

Rust-A-Way

RUST STAIN REMOVER CRYSTALS :

*Specifically Formulated to Remove Well-Water Rust Stains from
Concrete, Stucco, Siding, Fiberglass & More!*

NO SCRUBBING NECESSARY

How about this Value Added Service for the Professional House Wash Market

The next time you wash a house - tell your customer that for an additional \$50.00 you will put years of life back into their concrete driveway. This will be the easiest money you will ever make. Simply mix 1/2 to 1 pound of RUST-A-WAY Rust Stain Remover per one (1) gallon of water and spray it on the concrete with a typical pump-up garden sprayer and then go wash the house. When you are through with the house the RUST-A-WAY Rust Stain Remover is through with the concrete. That simple! This procedure is so simple and easy to perform that the contractor will use this service as the "closer". Try it on your next house - you'll be amazed!

RUST-A-WAY crystals are a unique blend of acids and surfactants which remove well-water rust stains from most exterior surfaces. Simply mix 4 to 8 scoops crystals into water. SCOOP PROVIDED. Spray dissolved solution onto surfaces using a chemical resistant sprayer. Repeat as necessary until stains are gone. Rinse surfaces with fresh water. Not for use on Brick containing iron oxide pigments.

CRYSTALS

5 Lbs of Powder
makes 5-10 Gal.

35 Lbs of Powder
makes 35-70 Gal.

RUST STAIN REMOVER CONTACT LIQUID:

This Incredibly FAST ACTING LIQUID
is Specifically Formulated to Remove Well-Water Rust Stains from
Concrete, Stucco, Siding, Fiberglass & More!
... and do it ON CONTACT

RUST-A-WAY Fast Acting Liquid is a "ready to use" solution specifically formulated to remove tough well-water stains FAST!

This product is ideally suited to the contractor who doesn't have time to wait, or where ordinary oxalic cleaners just do not have enough "punch".

Use full strength for heavy rust stains or dilute 1:1 with tap water for light or medium stains.

Apply using a chemical resistant sprayer and watch rust stains quickly disappear!

Rinse surfaces with fresh water.
